

Certificate Download Procedure

I. Embridge Installation

- Please install **embridge** Latest Version from URL: <https://idrbtca.org.in/emBridge.exe>
- To confirm the status after installation, visit the following link in your preferred browser: <https://localhost.emudhra.com:26769>

A successful connection may trigger an "XML style information" error message, as shown below; this is expected behavior and indicates the service is running.

II. Token Drivers Installation

- **Procure PKI USB Token (Dongle)**

If you do not already have a dongle, you must purchase one from the authorized vendors listed in the URL below.

Vendor List: <https://idrbtca.org.in/Download/VendorsListforsupplyofUSBTokens.pdf>

- **Download & Install Drivers**

Once you have the physical device, identify its model (usually printed on the side of the token) and download the appropriate driver from the official sources.

III. Certificate Download

- Visit the <https://praman.idrbtca.org.in/emRASubscriber/login.jsp> and log in to your account.

The screenshot shows the IDRBT CA SUBSCRIBER PORTAL dashboard. It includes a navigation menu on the left with options like Dashboard, Upload & Sign, eSign Transactions, Complete eKYC, Manage Certificate, and My Subscription. The main content area displays:

- Successful eSign Transaction: 0
- Failed eSign Transaction: 0
- Last Login Details: 10:22 AM on 09-03-2026
- eKYC Status: eKYC Status, eKYC Activated
- Active Subscription Plan: You have an Active eSign and DSC subscription plans.
- Recent eSign Transactions: No Record Found
- Recent Digital Certificate Application Status: Shows application details (APP ID: 2020222, APP Date: 09-Mar-2026, Cert Details: Class 3 - Signature - 1 Year) and a 'Download' button highlighted with a red box and an arrow.
- Signed Document: A table with columns for date and signed document count.

- After logging in navigate to the Download option or go directly to the Certificate Download Page using URL <https://praman.idrbtca.org.in/emRASubscriber/UI/downloadCertificate.jsp>

The screenshot shows the 'Download Certificate' page. It includes an 'Important Notice' section with the following text:

- Compatibility:
 - Before you proceed to download, please insert the USB token in which you want to download the certificate.
 - Please [Click Here to Buy Tokens](#). To install Token Drivers, please [Click Here](#) (if drives not installed in your computer)
 - Now proceed to enter the digital certificate application ID and Download PIN sent by us to your mobile number or email ID registered with us.

 Below the notice is a 'Proceed' checkbox. To the right is a form titled 'Download Certificate' with fields for 'Application ID' and 'Download PIN', a 'Resend PIN' link, and a 'Proceed' button.

- Select the Proceed checkbox.
- Enter your Application ID and the Download PIN (sent to your registered email).

Note: If you haven't received the email, use the **Resend PIN** option.

- Click Proceed.
